

NATIONAL ORGANIZATION OF MINORITY ARCHITECTURE STUDENTS
UNIVERSITY OF MIAMI, SCHOOL OF ARCHITECTURE
 1223 Theo Dickinson Drive
 Coral Gables FL, 33146

MISSION

NOMAS UMiami strives to foster a positive environment of fellowship amongst minority students with others, within the field of architecture. We look to encourage the progressive advancement of architecture students into the industry, by building strong members and making leadership actionable. NOMAS UMiami aims to Be an effective source of motivation and inspiration for students of generations to follow.

AFFILIATION

Established in 1973 by a collective of 12 esteemed African-American Architects, there was a desperate need for an organization to be dedicated to the development and advancement of minority architects. These 12 architects aimed for minority design professionals to work together to fight discriminatory policies that limit or bar minority architects from participating in design and constructions programs. With this mission—NOMA was created. Following Years to come NOMAS was created in light of the progression and advancements of future architects. Umbrellaed by the regional South Florida Chapter of NOMA (SoFlo NOMA), we're looking to fully activate UMiami NOMAS into an official campus organization. UMiami NOMAS is looking to grow beyond measure, with impacting contributions of architecture to the City of Miami and beyond. By making sure the voices of minority students are continuously heard at the UM School of Architecture.

The NOMAS UMiami campus organization is directly affiliated with the National Organization of Minority Architects (NOMA) on a national scale and the National Organization of Minority Architects, South Florida (SoFlo NOMA) on a regional scale—with a subdivision direct affiliation of the National Organization of Minority Architecture Students, South Florida (SoFlo NOMAS).

NOMAS UMIAMI

The ultimate purpose of NOMAS UMiami is to foster an environment of fellowship amongst minority students within the field of architecture and encourage progressive advancement into the industry. As a campus organization, our goal is to generate a positive impact, contributing to a unified voice against challenges that affect the full participation of minority architecture professors and students—not only on campus but in the South Florida region as well. We look to successfully accomplish our mission by ultimately creating and maintaining relationships with like-minded students and professionals, whose work impacts the physical and social environment in Architecture.

In addition to our standard NOMAS UMiami membership fees, throughout the academic school year we look to achieve as many sponsorships as possible, as well as host a number of fundraisers to supplement/cover our expenses. We're hopeful to participate in a variety of conferences, showcases/demos, campus events/activities, competitions, and more. We believe the listed expenses will be vital to the sustainability and longevity of the NOMAS UMiami presence on campus.
